Under the new system allocations of food grains are based on the average annual lifting for the past ten years taking into account the requirement of BPL families @ 10 kg. per month per family. Requirements of any State over and above the TPDS quotas, can be met subject to the availability of foodgrains in the Central Pool and at the rates which are commercially viable (Economic Cost) to FCI. However, Government has now decided to issue additional allocation of rice & wheat for the month of December, 97 on CIP applicable for Above Poverty Line families. A Statement showing the additional allotments of foodgrain (wheat and rice) to Orissa and other States since September, 97 is given below.
